

Notice of Driveway Closure

North Rock Group Ltd. is working for the Township of Essa to upgrade the storm sewer and road along Margaret Street between Mill Street and Osborn Street. To install the new curbs, your driveway will need to be temporary closed starting Tuesday, July 27th for an approximate duration of three days (to be restored Thursday, July 29th). Note this work is weather dependent and may need to be shifted accordingly; if so, our staff will do our best to communicate with all residents, but if there are any questions or concerns don't hesitate to contact us via the contact information below.

Before the access is closed, please notify all personnel who may use this entrance.

Should you need access at this location during the time mentioned above, please contact North Rock Group Ltd. personnel below so we are able to make arrangements and/or we can ensure we are able to accommodate your needs.

We understand that driveway closures can be disruptive. We will work to restore this driveway as soon as possible. We thank you for your patience and apologize for any inconvenience as we complete this vital work.
