

## **Public Notice - Wastewater Billing Notices**

Earlier this year the Township deferred penalties on the water wastewater bills to provide a financial relief to all Essa Residents. Payment plans are also available.

The penalty deferral will remain in place until the Province Removes the State of Emergency Plan.

With this in mind billing cycles remained the same: March, June, September and December. Please check you billing carefully for any amounts carried forward as a result of a payment arrangement made or a missed bill payment.
