

Where Town and Country Meet

## NOTICE OF PROJECT

### MARGARET STREET RECONSTRUCTION PHASES 1 & 2

Please be advised that the Township of Essa has recently received tenders for the Margaret Street Reconstruction Phases 1 & 2 in Angus. The project limits include Margaret Street from Main Street to Auburn Street and Vernon Street from Margaret Street to Queen Street.

The scope of work includes the following:

- **Urbanization of Margaret Street with new curb and gutter, minimum 1.5m concrete sidewalk, new storm sewer, new 8.5m asphalt road platform with two 4.25m travel lanes and curb bump-out traffic calming measures.**

The successful bidder for this project is North Rock Group Ltd. They are expected to commence with the construction of the project in early May 2021. It is anticipated that the project will be substantially completed by the end of October 2021. Although every effort will be made to limit the amount of disturbance to the residents, some inconveniences such as impeded traffic flows and access to driveways are to be expected. We request that when driving or walking through and around the construction area, that you proceed with caution and obey the construction traffic signage and personnel.

During construction, residents within the construction zone may have their garbage and recycling collected from the end of their driveways and moved by the contractor for collection. All bins will be returned at the end of the day. On collection day (Wednesdays), please have garbage and recycling out to the end of the driveway by 7:00am.

North Rock Group, Ainley Group and the Township of Essa have strict COVID 19 protocols and procedures in place that will be followed to at all times while on site. Similarly, we ask that all residents respect the Provincial Policies in place, including wearing a face covering and maintaining physical distance, if approaching a site representative.

If you have any special needs, regular in-home care or deliveries, please advise Josh McLean from the Ainley Group at 705-817-1363, or [mclean@ainleygroup.com](mailto:mclean@ainleygroup.com) so that we can coordinate and schedule works to limit any disruptions during construction.

We thank you in advance for your cooperation through construction. Should you have any questions or concerns related to this project, please do not hesitate to contact either of the following representatives:
