MAYOR DOWDALL'S MESSAGE

Dear Residents;

Welcome to 2017! This time of year is always exciting as we look back on accomplishments and look forward to new challenges. It's a time to welcome change.

Over the last year, many great things occurred in Essa: Base Borden celebrated its centennial anniversary, and several businesses expanded and new ones established themselves. Thanks to everyone who contributed to our community!

In 2017, Council aims to provide new and improved services to you. In particular, please watch for new programs for all ages, young and old, from our Parks and Recreation Department.

As always, we welcome your comments.

Your Mayor,
Terry Dowdall

OFFICIAL PLAN UPDATE UNDERWAY

What is an Official Plan? An Official Plan describes Council's policies on how land should be used. It is prepared with input from you and others in the community and helps to ensure that future planning and development will meet the specific needs of Essa.

An Official Plan deals mainly with issues such as:

- Where new housing, industry, offices and shops will be located;
- What services like roads, water mains, sewers and parks will be needed;
- When, and in what order, parts of the Township will grow; and
- Community improvement initiatives.

If you have comments on our Official Plan, please let the Planning Department know by letter or by email at chealey@essatownship.on.ca.

This Newsletter is available in larger print at www.essatownship.on.ca or by contacting 705-424-9770.

DOG TAGS – The Township of Essa requires that all dogs be licensed with the Township in accordance with the Canine Control By-law 2006-18. 2017 dog tags are available for \$25.00 and are valid from January to December. Proof of rabies vaccination is required before the tag may be purchased. Tags are available at the Township Administration Centre and/or the Angus and Thornton Library Branches.

BURN PERMITS - are required for burning. Recreational burning is now permitted as per By-law 2015-92 (Please refer to the by-law for guidelines pertaining to lot sizes and clearances for type of burn permit required). **Burn permits are \$25.00 and are valid until the end of each calendar year.** Permits are available at the Administration Centre (upper level), or online.

SMOKE ALARMS – The Ontario Fire Code requires that every home has working smoke alarms. Smoke alarms should be installed on every level of your home and near sleeping areas. Avoid placing alarms near bathrooms, heating appliances, windows or close to ceiling fans. Check your smoke alarm at least once a year. If your alarm is ten years old, it requires replacing. Consider practicing your home fire escape plan regularly.

CARBON MONOXIDE DETECTORS – CO detectors are now mandatory. Detectors should be placed on every level of your home and outside sleeping areas. For more information, go to the following website: <http://www.oafc.on.ca/carbon-monoxide>. Hundreds of Canadians are hospitalized every year from carbon monoxide poisoning, many of whom are permanently disabled. 88% of all homes have something that poses a carbon monoxide threat. Carbon Monoxide is a colourless, odourless, tasteless, toxic gas that enters the body through the lungs during the normal breathing process. It replaces oxygen in the blood and prevents the flow of oxygen to the heart, brain and other vital organs.

SUPERIOR TANKER SHUTTLE ACCREDITATION – For information regarding the Superior Tanker Shuttle Accreditation visit the Township's website, contact the Essa Fire Department at 705-424-5828 or email fire@essatownship.on.ca.

FIRE HYDRANTS – Help keep fire hydrants around your home or business clear of snow and ice. Clear a path to fire hydrants from the road and remove snow from all sides so it is visible from the road, and easily accessible to connect a fire hose to it.

FILL BY-LAW 2015-64

By-law 2015-64 was passed by Council at its meeting of September 16, 2015. This By-law prohibits the dumping of fill or alteration to the grade of lands. The placement of 100 cubic metres of fill (equivalent to about 10 tandem loads of fill) will still be allowed provided that there is no alteration to the volume, direction, intensity or form of storm water run-off to adjacent properties. No fill is to be hauled or placed on approved sites on weekends.

STREET SWEEPING

The municipality contracts for street sweeping services and such operations should commence sometime around mid-April and continue through to mid-May. It is requested that vehicles not be parked on the streets during the period from mid-April to mid-May. If it becomes necessary to park a vehicle on a street and the owner/driver notices a street sweeper working in that area, it would be appreciated if the vehicle can be removed immediately so that the street can be swept properly at that time.

STREET LIGHT MAINTENANCE

Please report the location of all malfunctioning streetlights to the Public Works Department at 705-424-9770 ext. 105.

WATERING RESTRICTIONS

Watering restrictions for lawns, gardens and car washing are in effect from May 15th to September 30th each calendar year. Even numbered properties are permitted to water on even calendar numbered days ONLY between the hours of 7:00pm to 11:00pm. Odd numbered properties are permitted to water on odd numbered calendar days ONLY between the hours of 7:00pm and 11:00pm. These measures are necessary to ensure there is an adequate water supply for domestic use, fire protection and emergency services.

MUNICIPAL ADDRESSING

All properties in Essa Township shall have municipal address numbers affixed to a dwelling or building whether it be commercial, industrial or residential. In rural areas a green 9-1-1 sign **must be posted** at the roadside and in residential areas all municipal address numbers shall be placed in a location that is clearly visible from the street, easily identified day or night. Property owners shall ensure that the numbering is kept clearly visible at all times and remains unobstructed by trees, shrubs, grass, snow or other visible obstructions and that no number, other than the number assigned by the municipality is affixed to any building, structure or property.
