

## NOTICE TO MUNICIPAL WATER USERS IN ANGUS, BAXTER and THORNTON

### **FLUSHING WATERMAINS FALL 2020**

Municipal water users are advised that the flushing of drinking watermains will take place at the following locations and time periods:

Area	Service Description	Service Time Period
Angus	Flushing	October 22 & 27
Thornton	Flushing	October 21
Baxter	Flushing	October 23

Please be aware that during watermain flushing, residents may experience low water pressure and discoloration (brown) water, or perhaps even no water for short periods of time.

To alleviate the discoloured water after the flushing, please remove the aerators from your faucets and open the taps in your home until the water runs clear. Before doing laundry, it is recommended that the taps are opened and water is flushed beforehand.

If you have any questions, please contact the Ontario Clean Water Agency at 1-866-775-7712.

We thank you for your patience and support during this essential watermain maintenance work.
