

Where Town and Country Meet

WARNING TO RESIDENTS

South Simcoe Police are warning homeowners to beware of driveway paving scams. They have received complaints about door-to-door sales people offering discounts on driveway paving using re-purposed asphalt. The contractors identified themselves by first names only and had no company logos on their vehicles. The South Simcoe Police are encouraging residents to be wary if they are approached at their door by someone claiming to be from a legitimate company of any kind.
