

4.3 Speed Data Analysis

The Manager of Public Works stated that locations that have had speed calming measures implemented observed less violations and speeding. This data will help in placing additional speed humps in the coming years

**5. NEW BUSINESS**

5.1 Tatham Engineering – Traffic Calming Plan

The Manager of Public Works stated and the committee agreed Tatham outlined a great guideline for the Pro’s and Con’s of different traffic calming devices, as well as best utilization of different devices.

5.2 Line Painting – Zebra Crossing

The Zebra Crossings that have already been painted have had a great response from residents and motorists. The committee has received requests for additional crossings through-out the community. The Committee will be looking into the request along with budgetary restrictions.

5.3 Staff Report CAO035-21 – Speeding Enforcement

The Chief Administrative Officer stated that Council has approved additional funding for policing throughout Essa Township for speed purposes. The Committee will be compiling speed information to address specific areas of concern.
