## NOTICE TO MUNICIPAL WATER USERS IN ANGUS, THORNTON and BAXTER

### **FLUSHING WATERMAINS FALL 2023**

Municipal water users are advised that the flushing of drinking watermains will take place at the following locations and time periods:

Area	Service Description	Service Time Period
Angus	Flushing	October 2 to October 19
Thornton	Flushing	October 2 to October 19
Baxter	Flushing	October 20

Please be aware that during watermain flushing residents may experience low water pressure and discoloration (brown) water or perhaps even no water for short periods of time.

To alleviate the discoloured water, please open the taps in your home (preferably your laundry sink or bath tub) until the water runs clear. Before doing laundry, it is recommended that the taps are opened and water is flushed beforehand.

We appreciate your understanding and cooperation during this watermain maintenance and regret any inconvenience this work may cause.

If you have any questions, please contact the Ontario Clean Water Agency at 705-429-2525.
